**ELECTION 1st DAY OF NOVEMBER.**  
FOR PRESIDENT,  
**JAMES K. POLK,**  
OF TENNESSEE.  
FOR VICE PRESIDENT,  
**GEORGE M. DALLAS,**  
OF PENNSYLVANIA.

**OHIO DEMOCRAT,**  
NEW PHILADELPHIA, OHIO.  
THURSDAY Oct. 24, 1844.

**FRIDAY THE 1st DAY OF NOVEMBER**  
Is the day of the Presidential election in Ohio. Let no democrat forget nor neglect to be at the polls on that day.

### Democrats! remember

That EVERY VOTE counts—that ONE VOTE may give the 23 Electoral votes of Ohio to POLK & DALLAS, and place her in the Democratic line. This should be borne in mind by every Democrat, and be an incentive to renewed exertions in this glorious cause.

### DEMOCRATS, OHIO CAN & MUST BE OURS.

We earnestly entreat our democratic friends to read the address of the State Central Committee, and the County Central committee, and then act accordingly. Recollect you are fighting as in the days of Jackson, against a 50 million British Bank—a plundering tariff tax, and the whole host of anti Republican federal measures. Will you ever submit to be bound down like slaves, to the money power of British Lords—and ground to the earth by oppressive taxation! Not by the God of Battles, Never! Then rise in your might, rally to the polls on Friday week, and by your votes teach these rogues, money jobbers, and aristocrats of the old World and the New, that you are freemen, and the sons of freemen—and being so and having the power in your own hands, you intend to remain freemen.

Fellow democrats: at the October election 1828, federalism carried Ohio by thousands—but in one month thereafter, when the heroic old Hickory of Tennessee came before the country, & was opposed by all the bank ere, speculators and monopolizing corporations, he received a majority of 5000 votes in the Buckeye State. What was done in '28, can again be done in 1844. And the majority you gave old Hickory, can again be given to Young Hickory, if you but will it.

### ELECTORAL TICKET.

We caution our friends to look out for fraudulent Electoral tickets. Thousands it is said have been printed at Columbus, and circulated for the purpose of cheating democrats out of their votes for President. But if you keep a sharp lookout you can paralyze the efforts of the base villains, who, not able to defeat you fairly, are resorting to the foulest means. The following is the form of the democratic ticket and the names of the democratic Electors. None other is genuine.

### THE PROSPECT CHEERING.

We have received letters from different portions of the State, which tell us that the Democracy are wide awake, and in good hopes of redeeming Ohio. Tuscarawas MUST do her share.

**DEMOCRATS, YOUR SHOULDER'S ARE AT THE WHEEL—PRAY TO GOD FOR SUCCESS AND PUSH ON THE COLUMN—Jackson.**

### MINORITY GOVERNOR.

Two years ago the Federal Advocate called Wilson Shannon a minority Governor, when he was elected by near 4000. Wonder what he calls Mordca Bartley when 126,429 votes are cast for him and 131,253 against him. Circumstances, it cases.

### WAYNE TOWNSHIP.

The whigs of New Philadelphia are holding out inducements to the Whigs of Wayne Township, that they will "treat" all who may come from there on the night of the election. Provided however, that they bring down 60 whig majority. Turn out then, Democrats of Wayne, and spoil their fun. Wonder whether the "British Gold" foots the bill?

The Abolition vote in this County was 21, and polled in the following townships: Lawrence 1, Perry 4, Salem 2, Washington 2, Warren 11.

**MR. CLAY'S TWO FACES!**  
One for Pennsylvania, and one for Georgia.

### Georgia caved in!

**ANOTHER HARRISON STATE DESERTED**  
**MR. CLAY—THE CRY OF EVERY DEMOCRAT IS ONWARD!!!**

Georgia has struck the coons dumb, and cheered on the Democrats. The same onward course of the Democrats is every where evident. As we said a few days since, the average gains in Ohio, will sweep two thirds of the States from Clayism and Liberty will be triumphant. Clear the way for Georgia

Dem. maj. so far, 1778

In the above counties in 1843, the Federal majority was 3259; now in 1844 the same counties give a democratic majority of 1778, making a democratic gain since 1843, when the whig Governor was elected by 3388 of

**5,067 votes!**

and 16 Counties to hear from, which gave in 1843, 27 Whig majority. The same proportionate gains in the balance of the State, would make the Democratic majority near

**3,000 votes!**

An this in a State that in 1840 gave Harrison over 8000 majority, making A DEMOCRATIC GAIN since 1840 of near

**12,000!**

The Bozzard Advocate published on the 10th inst. claimed the State of Ohio by TEN THOUSAND majority for the Federal Governor, and thereupon several of his whig readers went to betting on 10 down to 2000, and behold when all is told, the Governor's plurality is reduced to about 1300. The Bozzard knew at the time he penned it that it was false, and the coons lost their money freely by betting on such authority. The wretch who would thus LIE and deceive the unsuspecting, for party purposes, deserves the scorn of all honest men. He ought to make up the losses to the poor coons who have been deluded by his falsehood and misrepresentation.

From the following which we copy from the Statesman, it will be seen that the coons in Columbus have been fleeced in the same way. Scandalous!!

### COON EATING COON.

The Whig State Central Committee put out an address, for effect, that has skinned their soft ones out of many a cool dollar. These gullible Whigs have been taught to believe that whatever a whig paper says was true, and whatever was said in a Democratic paper was false. But read the following, in proof of what we have said above; as it shows conclusively that the whig officials of this city were sensible that their real majority was equal to a defeat, and hence at the risk of a rebuke, such as this, they put their names to a falsehood to gain votes:

Columbus, Oct. 15, 1844.

To Joseph Ridgway Esq.  
"I have seen a circular published in the Ohio State Journal, stating that Mr. Bartley's majority in this State would be at least 2000 over Tod, the Loco candidate; and as is the practice among a great number of our people, I have made several bets, amounting to \$15.00 that Bartley's majority would be as you have asserted in that circular. This has proven to be false, as will be seen by the Journal of this evening, and the Statesman says it will be less than 1000; and of course I have lost my money. These bets I made on the assurance of the central committee. It is true the amount is not much, but I work for my money, and expected to add to my means by betting on your assertion. In this I have been mistaken, and will have to abide the loss. This not the only instance: After the turns commenced coming from Ky., in August, the Journal stated that our majority would be 8 or 10,000. I bet \$5 on this and of course I lost it also. This I don't complain of for the amount of money I lost, nor do I attach the blame altogether to the Journal, for I was more misled by the Cincinnati Atlas in this case. Nor am I the only instance: our young friend Albert Dunlap has lost a 20 dollar coat on the same bet on Bartley. It would be well to be a little more careful in making out results; if it did not help the party it might save our money. I understand that our friend L. D. Poonds has lost \$20 on the same bet; and, I suppose he thought as I did,

that we might rely bet on the assertion put forth in that circular by such men as yourself, Robert N. C. H. Wing, Lewis Heyl, and others of our Central Committee. You may show this to the Committee, but to none others.

## TO THE DEMOCRATIC VOTERS OF TUSCARAWAS.

Fellow Citizens: The undersigned Central Committee take this opportunity of addressing you on the importance of the great contest to take place on **FRIDAY the 1st of November.** But a few days remain for action, and what is done must be done quickly. Out of near 300,000 votes polled the federalists have elected their Governor by a few hundred votes. This result has astounded and alarmed them, for they confidently expected to elect **Bartley by 15,000.** But the means resorted to, to produce this result while it will astonish every honest man, only proves the baseness and corruption of the federal leaders. Forged words were put into the mouth of Birney the abolition candidate for President, making him say he was advocating Polk's election, & then paraded secretly among the whig abolitionists on the eve of the election. By this means an unnatural, unholy and corrupt union was formed, by which enough whig abolitionists abandoned their own, and voted the federal ticket to elect **Bartley.**

Pipe Laying was also put into practice, and many of these corrupt knaves have been arrested at Columbus, Cincinnati and other places, and held to bail. Large sums of money were subscribed by the eastern manufacturers [who are reaping immense fortunes from the pockets of the working people, by means of the high tariff tax] and distributed through Ohio, to buy up noses on poor men, and thus by compulsion make them vote the federal ticket with an execution on their property staring them in the face. Such fellow citizens, are some of the base means and frauds which have been employed to defeat the Democracy, and by which they so confidently bragged on 15,000 majority. Yet notwithstanding all the foul means, pipelaying, frauds and oppression used against us, had it not have been for the unfortunate divisions among ourselves in several districts, the Democracy of Ohio would have gloriously arose triumphant over the combined efforts of the corrupt leaders of the federal party, and planted the democratic standard high upon the ramparts of our great and noble State.

As it is, fellow democrats, you have demolished the Harrison majority of 23,000—you have 13 members of Congress out of 21—and the federalists a Governor elected by the skin of their teeth, and a beggarly majority of the legislature made up from counties which gave 10 and 1200 majority for David Tod. Well may they exclaim with the ancient General, "one more such a victory and Pyrrhus is undone."

All the facts of the late election combined, prove that Ohio can be carried for Polk and Dallas. Our divisions are all healed and the democratic party united as one man. The abolitionists can never support Clay their life long sworn enemy. The necessary means have been taken to prevent fraud and pipelaying throughout the State. Let it not be forgotten that ONE vote gained in each township throughout the State, over the October election, will secure the 23 Electoral votes of Ohio for Polk and Dallas. Democrats of old Tuscarawas; will you consent to stand still and not contribute your share to this result? Let your motto be, **THE STATE CAN, MUST AND SHALL BE REDEEMED.**

Your Democratic Brethren throughout the State expect you to do your duty. They expect you will cut down Bartley's majority 200 votes in Tuscarawas, which can easily be done if every Democrat puts his shoulder to the wheel, and keeps it there till the polls close. Let every Democratic voter in each School District be seen on Thursday previous to the Election.

Let the Democratic Ticket be furnished to every voter previous to the day of election.

Let all be urged and pledged to beat the Polls early on the morning of the election.

See that every democrat in the township has voted by 3 o'clock. Challenge all strangers, and if they swear through, take down their names and send the names of Pipe layers to the Central Committee who will see that they are dealt with according to Law.

Recollect that the election law provides that there may be a friend of each candidate in the room with the officers of the election, whose privilege it is to give notice of all deviations from the strict letter of the law, in receiving and counting out the votes. Let some friend in each township see to this matter.

Let the Election Law be taken to the Polls. It has been published entire in the Democrat, and will also be found in the possession of every Township Clerk.

Finally let there be one grand Rally on the First day of November, around the Ballot Box—Let it be a rally to save the Great Principles of Free Government, handed down to us by the immortal Washington, Jefferson and Jackson, from being undermined by an unscrupulous enemy avar seeking to wrench power from the people, that the few may riot in luxury off the hard earnings of the many. Rally one and all to the support of Polk and Dallas, and you will have the proud satisfaction of having done your duty to yourselves, your children and your country. Do that and the cause of Equal Laws, and Equal Privileges must and will triumph.
